

Orienteering Training at Druridge Links

Saturday 28 April 2018 10:30 – 15:00

All Welcome

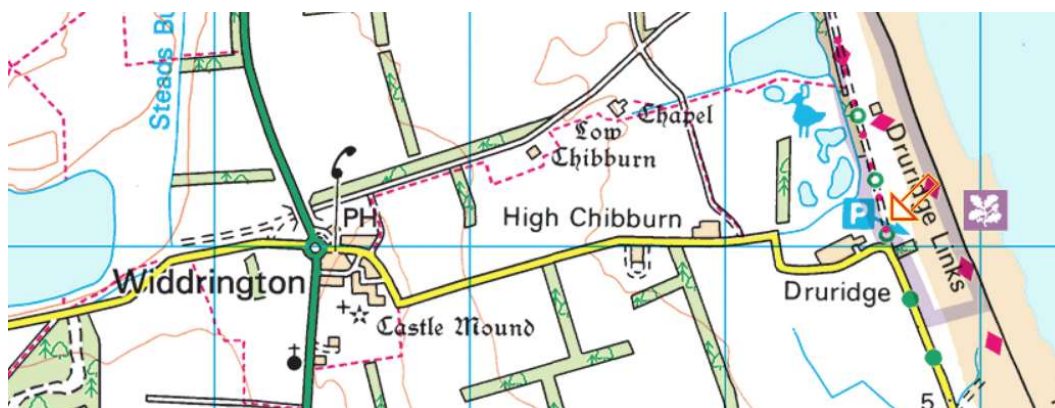

This training event will be run by Newcastle and Tyneside Orienteer's (NATO) club captain Tricia Davies. The event is open to all, both children and adults, whether or not you are a member of an orienteering club. It will suit those already familiar with basic navigation skills and using a compass.

For those familiar with the jargon it will suit those progressing from Orange (TD3) to Light Green (TD4) courses.

The training will focus on moving off line features and paths to locate knolls and depressions, beginning to interpret contours and gain experience in a sand dune area.

Travel: Take the A1068 to Widdrington Village, then turn east at the roundabout by the Widdrington Inn pub, signposted Druridge. Go down the road for approximately 2km. After the hamlet of Druridge where the road bends around to the right, turn left (north), and the parking is 100m further on. Grid Reference [NZ27649609](#)

What to bring: It can be cold and wet on the coast, so it is advised to bring warm clothes, waterproofs, hat and gloves. A compass will be required. Bring a packed lunch and water. If the sun is out, we may pop down to Cresswell for ice cream.

Registration: Please email Tricia triciadavies01@gmail.com by Wednesday 25 April if you would like to come, so we have enough maps printed.
